

# Student Services

At English in Chester we provide an excellent accommodation/welfare service and look after you from the time of arrival in this country. We also provide many opportunities for an exciting, interesting and active social life.

## HOMESTAY ACCOMMODATION

Over 85% of our students have homestay accommodation, which we recommend. It is the best way to meet people, practise your English and discover more about our culture. There are some very special points about living in our region:

- The people are famous for their hospitality and have time to talk to you
- The standard of our homestay accommodation is excellent. There are only a few schools in Chester and therefore we are able to set very high standards for our hosts
- The cost of living is a little lower than in the south of England

*"We have been hosting students for 20 years and the experience has been invaluable for our family. We hope they arrive as guests and leave as friends."*

*Ian & Jane, one of our homestays*

We offer homestays with shared or private bathrooms. The majority of our homestays provide shared bathrooms, but a few have private bathrooms. We are very proud of our successful record in accommodating students and of the very positive feedback we get from our students.

Our homestays provide half board with breakfast and dinner. Some will also provide accommodation on a bed and breakfast basis. We really recommend half board for more interaction with the family and more opportunity to practise your English and learn about British culture and customs. It is also a cost-effective option.

*"We (my hosts and I) consider each other family. They helped me to improve my English skills as well as introduced me to British culture. If you want to experience real British life I recommend living in a homestay!"*

*Mingi, South Korea*

Please note:

- Our adult students normally request single rooms. Shared rooms are only available for students at the school who request to stay together. Students on the Summer Course for Teenagers will be allocated either a shared or a single room.
- Students arrive at their homestay on the Sunday before their course commences and leave on the Saturday at the end of their course.
